

Surface-rupture probability

Pizza et al. (2023)
Italian normal

w = 0.4

Youngs et al. (2003)
Extensional Cordillera

w = 0.2

Youngs et al. (2003)
N. Basin & Range

w = 0.2

Youngs et al. (2003)
Great Basin

w = 0.2

Principal displacement

Youngs et al. (2003)
average displacement

w = 0.25

× Youngs et al. (2003)
maximum displacement ×

w = 0.25

Lavrentiadis &
Abrahamson (2023)

w = 0.5

Distributed-rupture probability

Youngs et al. (2003)
500 m cell

w = 0.5

Visini et al. (2025)
500 m cell

w = 0.5

Distributed displacement

85th-percentile fit

w = 0.5

95th-percentile fit

w = 0.5

Wells & Coppersmith
(1994) scaling

w = 0.33

Thingbaijam et al.
(2017) scaling

w = 0.33

Leonard (2010)
scaling

w = 0.34

Rupture-location uncertainty

× $\sigma_r = 26.89$ m
(accurately located) ×

w = 1
